Hillsborough, N. H., March 1, 1882

SCHOOL REPORT.

REPORT OF BOARD OF EDUCATION FOR DISTRICT NO. 1, HILLSBOROUGH BRIDGE.

This is the second year of the "independence" of Dist. No. 1, it being under the management of a Board of Education whose duties are confined to this district. The school consists of three departments, graded as well as possible, but, owing to the large number of Primary scholars, and the very small room provided for them, each department has been crowded with scholars of another grade, rendering the grade of each department imperfect. This state of affairs calls loudly for a more suitable room, not only for the Primary department, but for an additional room in which a fourth department of higher grade might be taught, giving to our more advanced scholars the advantage of a High School at home. At the annual school meeting, in March, 1881, the district appropriated by special tax the sum of six hundred dollars for the support of schools, in addition to the tax required by law and raised by the town. The money thus raised by town and district has been judiciously expended the past year, giving the district three terms of eleven weeks each in the Grammar and Intermediate departments, and three terms of eight weeks each, in the Primary department, free to all scholars residing in the district, being a decided improvement over the former arrangement, in which there were two terms by the district, and two supported by tuition. There has been a limited number of

tuition scholars received from out of the district the past year, enough to show that a large number might be taught here if there were room to accommodate them.

GRAMMAR DEPARTMENT

Three terms, Spring, Fall and Winter, taught by B. S. Hurd, A. B., Principal. Mr. Hurd's duties were not confined to teaching the Grammar department, but included a general supervision of all the departments. His efforts were satisfactory in every respect, his abilities as an instructor being of a high order.

INTERMEDIATE DEPARTMENT.

Spring term taught by Miss Mamie L. Epps, of Frances-town. Miss Epps is an efficient teacher. Her resignation after four terms, was a decided, though an unavoidable, loss to the school and district.

Fall term taught by Miss Jessie F. Crosby, of Deering. Miss Crosby's class work was excellent, and the scholars made marked improvement, and had her efforts in behalf of good order been properly seconded by parents and pupils, the results in this direction would have been more satisfactory.

Winter term taught by Miss Cora S. Morse, of Winchester. The discipline this term was an improvement over that of former terms. Miss Morse is an excellent teacher, and her scholars made good progress.

PRIMARY DEPARTMENT.

The three terms of this year, as well as those of last, were taught by Miss Alice H. Carr, of Hillsborough. Miss Carr seems to be well adapted for the work of a Primary school, gaining at once the love and respect of her pupils. Her work has been thorough, as was well shown by the exercises at the close of school. It is now high time that the district awake to the absolute necessity of providing a suitable room for this department. The crowding of fifty scholars of the ages of

those in this school, into a room 15x24, with no proper means for ventilation, amounts to little less than absolute cruelty, not alone to the scholars, but to the teacher as well. Parents must and do see that they are periling the healths of their little ones, for some are now keeping them at home, choosing rather to preserve their healths than educate in danger of disease.

(For statistics see tabular statement of S. S. Committee).

ABEL C. BURNHAM,
MARCELLUS H. FELT,
Board of Education.

REPORT OF S. S. COMMITTEE.

DISTRICT No. 1.

Schools in this district are under the supervision of a Board of Education consisting of six members.

DISTRICT No. 2.

One term. Very fair school. Teacher tried to do her duty but was obliged to labor under disadvantages for which she was not responsible.

DISTRICT No. 3.

Two terms. Both terms were in the hands of teachers who were without previous experience. In view of this fact the results were very satisfactory.

DISTRICT No. 4.

Three terms. Summer and Fall terms were conducted with average success. Winter term was taught by a teacher of large experience and the school was highly creditable to all concerned.

DISTRICT No. 5.

Two terms. These terms were attended with marked success.

DISTRICT No. 6.

Two terms. Teachers were faithful in their efforts and very good progress was made. Were the parents in this district differently disposed in school matters their teacher would be able to accomplish twice as much as they now do.

DISTRICT No. 7.

One term. The school is in good hands and in session at the writing of this report.

DISTRICT No. 8.

Two terms. Both excellent schools. Order and progress all that could reasonably be desired.

DISTRICT No. 9.

Two terms. Scholars orderly. Teacher painstaking and progress fair.

DISTRICT No. 10.

Two terms. These terms were under the instruction of two of our best teachers and the results were what might be expected under such circumstances.

DISTRICT No. 11.

Two terms. Discipline very good. Progress fair.

DISTRICT No. 12.

Two terms. Miss M. did good work in this district. Few teachers so readily win the confidence and esteem of their scholars.

DISTRICT No. 13.

One term. Teacher worked industriously and kept a good school.

DISTRICT No. 14.

One term. Deportment and improvement very good.

DISTRICT No. 15.

One term. This little school was in the hands of a veteran teacher who taught with his usual good success.

DISTRICT No. 16.

Few young teachers succeed better than the one placed in charge of the school in this district. The examination was all that could be expected.

DISTRICT No. 17.

Two terms. Both profitable schools.

DISTRICT No. 18.

Teachers are very rare that excel Miss B. in methods and thoroughness of instruction. Discipline and improvement excellent.

DISTRICT No. 19.

This was a quiet, industrious little school. Teacher and pupils have reason to be pleased with their work.

Attention is called to the list of Text-Books following this report.

Very respectfully submitted,

BROOKS K. WEBBER,

S. S. Committee.

STATISTICAL REPORT.
